 - Profitable overall, but quarterly fluctuations exist.
-

Quarterly Insights

Q1 (Jan–Mar)

- Sales: 161K | Profit: 26K | AOV: 932
- Strongest and most stable quarter.

Q2 (Apr–Jun)

- Sales: 87K | Profit: 882 | AOV: 829
- Sharp drop in sales and profit.

Q3 (Jul–Sep)

- Sales: 72K | Profit: -1469 | AOV: 780
- Overall loss quarter.
- Lowest AOV and weak margins.

Q4 (Oct–Dec)

- Sales: 118K | Profit: 12K | AOV: 905
 - Strong recovery.
 - November highest performing month.
-

Category Insights

- Printers: Highest profit contributor.
 - Bookcases & Saree: Strong performance.
-

State Insights

- Maharashtra: Highest revenue.
 - Madhya Pradesh: Second highest.
 - Revenue concentrated in few states.
-

Key Issues

- Seasonal dependency (Q1 & Q4 strong, Q2 & Q3 weak).
 - Profit instability mid-year.
 - Declining AOV from Q1 to Q3.
-

Recommendations

- Control discounts and costs in Q2 & Q3.
 - Focus marketing on high-margin products.
 - Increase AOV using bundles and cross-sell.
 - Run mid-year campaigns to reduce seasonality.
 - Expand marketing in low-performing states.
-

Conclusion

Business is profitable but unstable across quarters. Improving mid-year performance and focusing on high-margin products will increase overall profitability.
